

**Cooperation Agreement between**  
**A.P. Ershov Institute of Informatics Systems**  
**(Siberian Branch Russian Academy of Sciences, Novosibirsk, Russia)**

and

**Laboratoire d'Informatique Algorithmique: Fondements et Applications (LIAFA)**  
**University Paris-7, France**

In order to promote friendship, mutual understanding and economic exchange between our two countries, and in order to promote exchange of scientific ideas, of scientific expertise, of scientists and of students between our two institutions, A.P. Ershov Institute of Informatics Systems and the Laboratory of Informatics and Algorithmics: Foundations and Applications, University Paris-7, agree to establish a partnership for academic and educational exchanges.

The two institutions have found it mutually beneficial to initiate cooperative activities in the following areas:

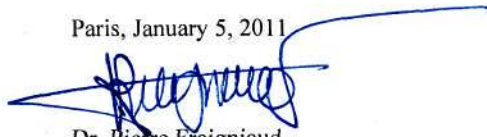

- Cooperation in academic and educational research.
- Exchange of faculty and students for lecturing, studies and research.
- Exchange of theses, teaching materials and other scientific and academic literature.

For carrying out the above programs, detailed agreements will be negotiated and laid down between the two parties according to demand and available financial funds.
